Feedback Analysis Report on Teacher Performance

ACADEMIC YEAR 2024-25

The students' feedback is obtained through IQAC on every academic year on various aspects of teacher performance as a support system to enhance the quality of teaching and upgrade the skills to keep pace with current technology.

Questionnaire for *Feedback on Teacher*

Five-scale rating with the following parameters

(5.Excellent 4. Very Good 3. Good 2. Fair 1.Poor)

1. The Teacher informs you about your course outcomes and programme outcomes and explains it.
2. Sincerity & Commitment of the teacher for classes and completion of syllabus in time.
3. Teacher's preparation for the class and use of Teaching Aids (ICT tools like ppts, videos, animations, simulations, virtual labs, google classroom...) for motivating students.
4. Encouragement given by the teacher for the participation of students actively in the co-curricular, extra-curricular activities like quiz, seminar, projects, group discussion, ppts, poster presentations, role plays, debate, elocution, ...
5. Teacher maintains impartiality in internal assessment of the students.
6. Sympathy and Empathy of the teacher to student's problems.
7. The teacher possesses and uses the latest subject knowledge.
8. Overall rating .

Observations:

- Students have expressed that 95 % of the teachers inform and explain about the course outcomes and programme outcomes.
- Students have opined that 95% of the teachers express their sincerity and commitment for the completion of the syllabus in time.
- Students have rated that 94% of teachers motivate the students with the ICT tools like ppt, videos, animations, virtual labs during their teaching.
- 95% of teachers encourage the students to participate actively in the co-curricular, extra curricular activities like quiz, seminars, techtalks, poster presentations, role plays, debate, elocution..
- Students expressed that most of the teachers express their latest subject knowledge in delivering the content and also express their sympathy and empathy towards student problems.

Recommendations:

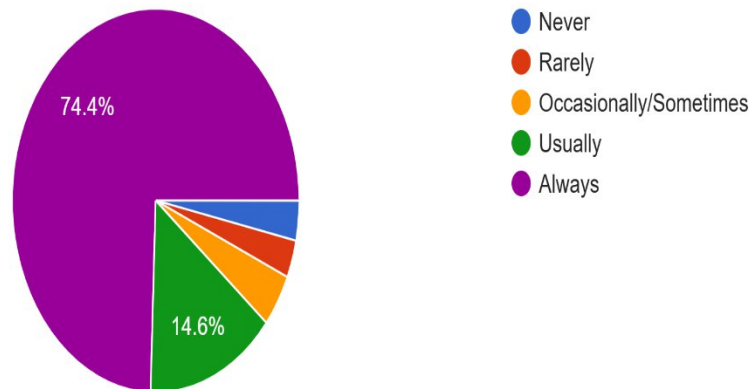

- It is recommended that teachers may be more active in completing the syllabus on time by enhancing the use of digital tools.
- It is suggested that the teachers may encourage the students to participate and excel in different academic and cultural competitions.
